22 JERRY CHARLES: My name is Jerry Charles.

23 I'm with the Ely Shoshone Tribe. Our concern is the

24 transportation that the road highway come right through

25 our reservation and if a mishap should occur, that would

0015

1 destroy the whole town. And there should be more

2 government-to-government relationship between the tribes

3 and I don't think Yucca Mountain is suitable for the

4 waste. Thank you..
